Summary

BE CSE student with skills in programming, problem-solving, and foundational cybersecurity. Proficient in Python, web development, and AI/ML concepts; experienced with data analysis, machine learning, deep learning, and computer vision. Eager to apply technical knowledge to real-world software development, AI/ML, and cybersecurity projects while learning and contributing to innovative solutions.

Skills

- **Programming:** Python (Intermediate), SQL, Java
- **AI/ML & Tools:** Machine Learning, Data Analysis, Model Deployment
- **Web:** HTML, CSS, JavaScript
- **Cybersecurity Basics:** Network Fundamentals, Ethical Hacking Basics, Vulnerability Assessment, Security Concepts
- **Soft Skills:** Adaptability, Communication, Teamwork, Problem Solving

Experience

Web Development Intern

Mar 2025 – Jun 2025

Intern Learnz, Bangalore

- Developed and implemented responsive web pages using HTML, CSS, and JavaScript.
- Created interactive UI components to enhance user experience.
- Assisted in integrating front-end functionality with back-end services.
- Tested and debugged applications to ensure cross-browser compatibility and performance.
- Gained practical experience in deploying and maintaining web applications.

Projects

Mini Self-Driving Car — Autonomous Navigation System — AI/ML, CV

2024

- Built a miniature self-driving car prototype with real-time lane detection, obstacle avoidance, and autonomous navigation.
- Implemented computer vision and machine learning techniques for path planning and decision-making.
- Used deep learning models for image processing and environment perception (lane following, sign recognition, obstacle detection).

Certifications

- **Employability Skills — Job Ready** (Eduskills Foundation, AICTE Approved)
- **Android Developer Virtual Internship — 2024** (Eduskills Foundation, AICTE Approved)
- **Cyber Security Virtual Internship** (Eduskills Foundation, AICTE Approved)
- **AI-ML Virtual Internship — 2024** (Eduskills Foundation, AICTE Approved)
- **AWS Academy Cloud Foundations** (AWS Academy) — Completed: 2024

Education

BE in Computer Science and Engineering

2022 – 2026

AMC Engineering College, Bangalore

CGPA: 8.2 / 10

Pre-University Education (Science)

2020 – 2022

Sri Shardamba Independent PU Science College, Tumkur

Percentage: 94.5%

SSLC

2019 – 2020

Sri Vasavi Vidya Samsthe, Sira, Tumkur

Percentage: 90.08%

Languages

- English — Fluent
